### 1.1.6. Notice

You can check the notice from the system administrator.

The screenshot shows a window titled "Notice" with a close button (X) in the top right corner. The window is divided into two main sections. The left section, labeled "Title", contains a list of notice titles, with a red circle 1 indicating the list area. The right section, labeled "Notice.", contains a large text area for the notice content, with a red circle 2 indicating this area. Below the "Notice." section, there is a table with four rows and two columns. The first row is labeled "Importance" (red circle 5), the second "Program" (red circle 6), the third "Group" (red circle 7), and the fourth "Location" (red circle 8). To the left of the table, there are two icons: a link icon (red circle 3) and an attachment icon (red circle 4). At the bottom right of the window, there is a "Close" button (red circle 9).

- ① Title : Display the titles of the notice, and when you click them, you can check the notice contents on the right.
- ② Notices : You can check the contents of the notice.
- ③ Link : You can check it when there is a link notice.
- ④ Attachment : You can download it when there is an attachment notice.

- ⑤ Importance : You can check the importance of the notice in levels of Very High, High, Slightly High, Normal, and Low.
- ⑥ Program : It is divided into Manager, Sales, and Designer, so you can check the programs to be notified.
- ⑦ Group : You can check the publish target by categorizing it into All, Super Administrator, Administrator, Head Office Contact, Regional Contact, Head Office User, and General User.
- ⑧ Location : You can check the location of the notice.
- ⑨ Close : Exit the announcement check function and close the window.
